

# MATELAC™

## Premium back-painted glass in a satin finish

AGC MATELAC complements architects' and designers' interior design visions with a limitless array of imaginative applications of comforting decorative glass. The back surface of the product features a durable, factory-applied industrial paint in one of 20 trendsetting colors. MATELAC's front surface is acid-etched, providing a subtle satin finish that adds a touch of warmth to any interior space.

AGC Glass North America, the world's largest glass manufacturer, is committed to providing the widest range of products with world-class service that is second to none. For easy, convenient, and fast access, MATELAC is available at AGC regional distribution centers.
